Hi, everyone. Today, I'll talk about my favorite place, the local *shogi club. It has members of different ages, from children to elderly people. We meet at the local *community center twice a month. I've been a member of ① it since the fifth *grade in elementary school.

第 四 問 次の英文は、日本を観光したことがある外国人の体験談を紹介するウェブサイトに掲載された、ルーカス (Lucas)、ジャック (Jack)、リー (Lee) の体験談です。これらの英文を読んで、あとの1～5の問いに答えなさい。

Lucas

I'm interested in traditional Japanese culture, so I decided to visit Kyoto. I tried ① a *calligraphy trial lesson for tourists there, and it became my best memory. At the beginning of the lesson, the teacher taught us what calligraphy is. Next, we practiced writing *kanji* with the *writing brush. After that, we *chose our favorite word and wrote it in *kanji*. I chose the word "light." I love that word because my name means "light." The teacher showed me the *kanji* for it, 光, and I enjoyed writing it with the writing brush. I was happy to experience this lesson.

By trying calligraphy, I became more interested in Japanese culture. I think we can learn more about another country if we have a *chance to experience its culture.

Jack

In Japan, I enjoyed visiting not only well-known places, but also areas that were not so famous. It was fun to see the daily lives of local people. Actually, I had ② a little trouble when I visited a small restaurant during my stay. The menu was written in Japanese, and it had no pictures of the dishes. I couldn't choose dishes because I couldn't read Japanese. Then a Japanese man spoke to me in English and helped me choose delicious dishes. We enjoyed eating and talking. He asked me, " ③ tomorrow?" I answered, "I'm going to look around the town." Then he *offered to show me nice places there. The next day, he showed me around the town, and we had a great time.

If you have a good chance to meet local people and communicate with them during your trip, please enjoy it. I'm sure that it'll be a great experience.

Lee

I traveled to Japan to go to a town that was in my favorite Japanese anime. I visited several places that were popular among fans of that anime. The best place was a big lake in the town. I went there in the evening and enjoyed watching the beautiful *sunset. It reminded me of my favorite scene in the anime, and I felt happy. However, some tourists were talking *loudly, and they were so *noisy. I was *disappointed because I wanted to enjoy the sunset quietly. Other people who were enjoying the wonderful scene also seemed disappointed. Since then, I've been more careful about my actions as a tourist.

I think we should be careful about what we do during our trips. It's important to respect both the places that we visit and the people who enjoy them. Let's be good tourists!
